	The Explosion of Contemporary Science	1
	The Classic—and Inadequate—Solution	6
	A Radical New Approach	8
	A Sampler of Meta-Analytic Achievements	14
	The Value of Meta-Analysis	18
Chapter 2	Settling Doubts About Psychotherapy	
	Attack, Counterattack, and Stalemate	20
	<i>Vote-Counting—A Plausible but Unreliable Way to Sum Up Research</i>	22
	Genesis of Meta-Analysis: Part I	25
	<i>Mining and Smelting the Data</i>	35
	Genesis of Meta-Analysis: Part II	40
	IN BRIEF . . .	
	Does Marital and Family Therapy Work?	44
	<i>Second-Level Meta-Analysis</i>	47
	Trying to Stay Sick in Order to Get Well	48
	Between Treatment and Effect: A Rube Goldberg View	51
Chapter 3	Clarifying Murky Issues in Education	
	Is It True That “Throwing Money at Schools” Does No Good?	54
	<i>Of Universes and Their Boundaries</i>	57
	“Dollars and Sense: Reassessing Hanushek”	59
	<i>Apples and Oranges</i>	61
	Going Public Against Hanushek	63

	IN BRIEF . . .	
	What Good Is Homework?	68
	<i>New Knowledge</i>	70
	Sex and Science Achievement	73
	<i>The Bugaboo of Causality</i>	77
Chapter 4	“Who Shall Decide, When Doctors Disagree?”	
	Too Many Studies, Too Few Answers	81
	<i>Second and Other Opinions—and Combined Opinions</i>	83
	The Streptokinase Case	86
	<i>Measures of Outcome</i>	91
	Time and Lives Lost That Could Have Been Saved	94
	<i>Are Big Trials Necessary?</i>	96
	IN BRIEF . . .	
	The Surprising Finding of a Large Breast Cancer Meta-Analysis	99
	<i>Meta-Analytic Epiphanies</i>	102
	The Case of the Does-and-Doesn't-Work Vaccine	104
	<i>Central Question</i>	107
Chapter 5	Firming Up the Shaky Social Sciences	
	Judging a Stranger in Thirty Seconds	109
	<i>How Widely Is It True?</i>	112
	Thin Slices, Fat Findings	115
	<i>The File-Drawer Problem</i>	118
	IN BRIEF . . .	
	The Great Expectancy Effect Controversy	121
	<i>Checking for Leaks</i>	125
	Rehabilitating Juvenile Delinquents: Is It True That Nothing Works?	128
	<i>The Noise-to-Signal Ratio</i>	131
Chapter 6	Lighting the Way for Makers of Social Policy	
	A Tough Customer Makes a Tough Request	135

	<i>Doing Meta-Analyses for Congress: A Challenging Task</i>	137
	A Meta-Analysis Changes a Senator's Mind	139
	<i>Meta-Analyses and Congressional Policy-Making</i>	146
IN BRIEF . . .		
	Lumpectomy Versus Mastectomy	149
	<i>Into the Black Hole</i>	152
	Smoke Gets in Your Eyes—and Lungs, and That's Nothing to Sing About	154
	" <i>More Ways than One to Skin a Cat</i> " —Mark Twain	158
Chapter 7	Epilogue: The Future of Meta-Analysis	
	Elixir of Forecast: Take Minimal Dose	161
	A Few Specific Prophecies	163
	A Parting Word	166
Appendix	by Harris Cooper	169
